Bankers Health Advantage offers its members discounts on eye examinations and surgical procedures, including LASIK where available. Members also receive 10 to 60% discounts on eyeglasses, contact lenses (excluding disposable,) and other retail eyewear items.

Since Bankers Health Advantage is not insurance, there are no forms to file. Most frames, lenses, specialty items such as tints, scratch resistant coatings, and ultraviolet protection are available. There are no limits on the number of times you and your family may use the vision care program during the year. Simply present your Bankers Health Advantage membership card at the participating optical location and you will be charged the discounted prices. You may use your own doctor or a participating doctor for an eye exam. Discounts on eye exams are available in many areas.

Simply present your Bankers Health Advantage card at a participating location and select the eyewear and lenses of your choice. Almost all lenses, color, size, add-ons such as ultra violet protection, scratch coating, and tints are available.
